

Taking Initiative

Kristine Tan

Service Head-Cubao branch

Initiative is doing the right thing without being told. You act, instead of reacting.

Tin has exemplified this when she assessed the importance of maintaining an orderly and clean workplace. The vacant lot in Cubao branch and its documents' storage area were bound for a Project Clean-up for 2 consecutive Saturday's. Tin made this happen with the help of GSD. Her aim was to have organized spaces so work can be performed efficiently, effectively, and safely.

Tin took action without being asked. Thank you for being proactive!
